Authority -- Irregular Route)
Operations)

Applicant seeks a certificate of authority to transport passengers in irregular route operations between points in the Metropolitan District, restricted to transportation in vehicles with a seating capacity of less than 16 persons only, including the driver. The application is unopposed.

The Compact, Title II, Article XI, Section 7(a), authorizes the Commission to issue a certificate of authority authorizing all or any part of the transportation covered by an application if it finds that the proposed transportation is consistent with the public interest and that the applicant is fit, willing, and able to perform the proposed transportation properly, conform to the provisions of the Compact, and conform to the rules, regulations, and requirements of the Commission.

Applicant proposes commencing operations with one van and one sedan. Applicant currently uses the sedan in taxicab operations in Prince George's County, Maryland.

Applicant's amended proposed tariff contains hourly rates, rates for transportation under the District of Columbia Medicaid program, and rates for transportation to and from Ronald Reagan Washington National and Washington-Dulles International Airports.

Applicant verifies that: (1) applicant owns or leases, or has the means to acquire through ownership or lease, one or more motor vehicles meeting the Commission's safety requirements and suitable for the transportation proposed in this application; (2) applicant owns, or has the means to acquire, a motor vehicle liability insurance policy that provides the minimum amount of coverage required by Commission regulations; and (3) applicant has access to, is familiar with and will comply with the Compact, the Commission's rules, regulations and orders, and Federal Motor Carrier Safety Regulations as they pertain to transportation of passengers for hire.

Based on the evidence in this record, the Commission finds that the proposed van transportation is consistent with the public interest and that applicant is fit, willing, and able to perform the proposed van transportation properly, conform to the provisions of the Compact, and conform to the rules, regulations, and requirements of the Commission.

We cannot approve that part of the application proposing service in a sedan used as a taxicab. Taxicabs and other vehicles that perform a bona fide taxicab service are exempt from certification under the Compact.¹ Applicant is admonished that he may neither use a taxicab in WMATC operations nor use a WMATC vehicle in taxicab operations.²
