Case No. AP-2009-114

Case No. AP-2009-115

Application of EMT BALTIMORE, LLC,)
Trading as EXPRESS MEDICAL)
TRANSPORTERS, for Temporary)
Authority -- Irregular Route)
Operations)

Applicant seeks a certificate of authority to transport passengers in irregular route operations between points in the Metropolitan District, restricted to transportation in vehicles with a seating capacity of less than 16 persons only, including the driver. Applicant also seeks temporary authority to provide non-emergency transportation services to Medicaid eligible residents of the District of Columbia to and from medical services appointments and adult day programs. The applications are unopposed.

I. CERTIFICATE OF AUTHORITY

The Compact, Title II, Article XI, Section 7(a), authorizes the Commission to issue a certificate of authority if it finds that the proposed transportation is consistent with the public interest and that the applicant is fit, willing, and able to perform the proposed transportation properly, conform to the provisions of the Compact, and conform to the rules, regulations, and requirements of the Commission.

Applicant proposes commencing operations with one van. Applicant proposes operating under a tariff containing rates for private pay ambulatory/wheelchair transportation.

Applicant verifies that: (1) applicant owns or leases, or has the means to acquire through ownership or lease, one or more motor vehicles meeting the Commission's safety requirements and suitable for the transportation proposed in this application; (2) applicant owns, or has the means to acquire, a motor vehicle liability insurance policy that provides the minimum amount of coverage required by Commission regulations; and (3) applicant has access to, is familiar with and will comply with the Compact, the Commission's rules, regulations and orders, and Federal Motor Carrier Safety Regulations as they pertain to transportation of passengers for hire.

Based on the evidence in this record, the Commission finds that the proposed transportation is consistent with the public interest and that applicant is fit, willing, and able to perform the proposed transportation properly, conform to the provisions of the Compact, and conform to the rules, regulations, and requirements of the Commission.

II. TEMPORARY AUTHORITY

Under Title II of the Compact, Article XI, Section 13(a), the Commission may grant temporary authority if there is an immediate need for service that is not available. Under Regulation No. 54-06(a), a temporary authority applicant must provide evidence sufficient to enable the Commission to determine (i) the exact nature of the service proposed, (ii) that there is an immediate need for service that is not available, and (iii) that applicant is fit to provide the temporary service proposed.

Applicant seeks temporary authority to provide transportation under the District of Columbia non-emergency Medicaid transportation program. The application for temporary authority is supported by an affidavit from Medical Transportation Management, Inc., which manages the District of Columbia's non-emergency Medicaid transportation program. The affidavit attests to a need for the type of service proposed by applicant, but the affidavit states neither that the need is immediate nor that such service is not available from any existing WMATC carrier. Accordingly, the application for temporary authority shall be denied.¹ Conditionally granting the application for a certificate of authority renders the application for temporary authority moot, in any event.

THEREFORE, IT IS ORDERED:

1. That Case Nos. AP-09-114 and AP-09-115 are hereby consolidated pursuant to Commission Rule No. 20-02.

2. That the application for temporary authority is denied.

3. That upon applicant's timely compliance with the requirements of this order, Certificate of Authority No. 1657 shall be issued to EMT Baltimore, LLC, trading as Express Medical Transporters, 1530 Caton Center Drive, #C, Baltimore, MD 21227-1512.

4. That applicant may not transport passengers for hire between points in the Metropolitan District pursuant to this order unless and until a certificate of authority has been issued in accordance with the preceding paragraph.

5. That applicant is hereby directed to present its revenue vehicle(s) for inspection and file the following documents within the 180-day maximum permitted in Commission Regulation No. 66: (a) evidence of insurance pursuant to Commission Regulation No. 58; (b) an original and four copies of a tariff or tariffs in accordance with

6. That the grant of authority herein shall be void and the application shall stand denied upon applicant's failure to timely satisfy the conditions of issuance prescribed herein.
