Case No. AP-2013-004

This matter is before the Commission on applicant's response to Order No. 13,818, served March 27, 2013, which dismissed this proceeding for applicant's failure to comply with the Commission's application requirements. Applicant has filed a request to reopen this proceeding.

I. CAUSE FOR DISMISSAL AND GROUNDS FOR REOPENING

Under the Compact, an application to obtain a certificate of authority shall be made in writing, verified, and shall contain the information required by the application form and accompanying instructions.¹ An applicant may be required to furnish any supplemental information necessary for a full and fair examination of the application.² Failure to comply with the Commission's application requirements warrants dismissal.³

By email sent February 22, 2013, applicant was requested to address two issues in writing on or before March 8, 2013, pursuant to Commission Regulation No. 54-04(b). One issue concerned applicant's street address and mailing address. The other issue concerned applicant's relationship with Ahmed Khan, the president of the company that paid the application fee in this proceeding. The email admonished that failure to timely address these issues would result in delay or dismissal of this application. Applicant timely addressed the address issue but not the relationship issue. Accordingly, the application was dismissed March 27, 2013.

On April 23, 2013, applicant filed a request to reopen this proceeding. The request is supported by a statement addressing the relationship issue. For good cause shown, this proceeding shall be reopened under Commission Rule No 26.⁴

Applicant seeks a certificate of authority to transport passengers in irregular route operations between points in the Metropolitan District. The application is unopposed.

The Compact, Title II, Article XI, Section 7(a), authorizes the Commission to issue a certificate of authority if it finds that the proposed transportation is consistent with the public interest and that the applicant is fit, willing, and able to perform the proposed transportation properly, conform to the provisions of the Compact, and conform to the rules, regulations, and requirements of the Commission.

Applicant proposes commencing operations with one minibus, one motorcoach, and one school bus. Applicant proposes operating under a tariff containing charter rates, individual and/or group sightseeing rates, rates for mileage and/or hourly priced transportation, rates for Medicaid transportation, rates for private pay ambulatory/wheelchair transportation, and rates for transportation under contracts with government agencies and private entities.

Applicant verifies that: (1) applicant owns or leases, or has the means to acquire through ownership or lease, one or more motor vehicles meeting the Commission's safety requirements and suitable for the transportation proposed in this application; (2) applicant owns, or has the means to acquire, a motor vehicle liability insurance policy that provides the minimum amount of coverage required by Commission regulations; and (3) applicant has access to, is familiar with and will comply with the Compact, the Commission's rules, regulations and orders, and Federal Motor Carrier Safety Regulations as they pertain to transportation of passengers for hire.

Based on the evidence in this record, the Commission finds that the proposed transportation is consistent with the public interest and that applicant is fit, willing, and able to perform the proposed transportation properly, conform to the provisions of the Compact, and conform to the rules, regulations, and requirements of the Commission.

THEREFORE, IT IS ORDERED:

1. That this proceeding is hereby reopened under Commission Rule No 26.
