Certificate of Authority --)
Irregular Route Operations)

Applicant seeks a certificate of authority to transport passengers in irregular route operations between points in the Metropolitan District, restricted to transportation in vehicles with a seating capacity of less than 16 persons only, including the driver. The application is unopposed.

Applicant's president, Desire Douglas, controls On The Move Enterprise, LLC. On The Move was granted operating authority earlier this year, but the issuance of a certificate of authority was expressly made contingent on On The Move filing additional documents and passing a vehicle inspection conducted by Commission staff.¹ Before those conditions were met and a certificate of authority was issued, On The Move withdrew its application.²

The Compact, Title II, Article XI, Section 7(a), authorizes the Commission to issue a certificate of authority if it finds that the proposed transportation is consistent with the public interest and that the applicant is fit, willing, and able to perform the proposed transportation properly, conform to the provisions of the Compact, and conform to the rules, regulations, and requirements of the Commission.

Applicant proposes commencing operations with one van. Applicant proposes operating under a tariff containing rates for mileage and/or hourly priced transportation, rates for Medicaid transportation, and rates for transportation under contracts with government agencies and private entities.

Applicant verifies that: (1) applicant owns or leases, or has the means to acquire through ownership or lease, one or more motor vehicles meeting the Commission's safety requirements and suitable for the transportation proposed in this application; (2) applicant owns, or has the means to acquire, a motor vehicle liability insurance
