Application of)
YELLOWCABSERVICES.COM, LLC, Trading) Case No. AP-2013-262
as TRI-STATE TRANSPORTATION, for a)
Certificate of Authority --)
Irregular Route Operations)

Applicant seeks a certificate of authority to transport passengers in irregular route operations between points in the Metropolitan District, restricted to transportation in vehicles with a seating capacity of less than 16 persons only, including the driver. The application is unopposed.

Although applicant did not originally propose operating under a trade name, by amendment filed October 11, 2013, applicant now proposes operating under the trade name "Tri-State Transportation." The amendment is supported by proof of registration of the trade name with the Loudon Circuit Court, the jurisdiction in which applicant maintains its principal place of business.

The Compact, Title II, Article XI, Section 7(a), authorizes the Commission to issue a certificate of authority if it finds that the proposed transportation is consistent with the public interest and that the applicant is fit, willing, and able to perform the proposed transportation properly, conform to the provisions of the Compact, and conform to the rules, regulations, and requirements of the Commission.

Applicant proposes commencing operations with one sedan and one van. Applicant proposes operating under a tariff containing rates for mileage and/or hourly priced transportation and rates for transportation under contracts with private entities.

Applicant verifies that: (1) applicant owns or leases, or has the means to acquire through ownership or lease, one or more motor vehicles meeting the Commission's safety requirements and suitable for the transportation proposed in this application; (2) applicant owns, or has the means to acquire, a motor vehicle liability insurance policy that provides the minimum amount of coverage required by Commission regulations; and (3) applicant has access to, is familiar with and will comply with the Compact, the Commission's rules, regulations and orders, and Federal Motor Carrier Safety Regulations as they pertain to transportation of passengers for hire.

Based on the evidence in this record, the Commission finds that the proposed transportation is consistent with the public interest and that applicant is fit, willing, and able to perform the proposed

transportation properly, conform to the provisions of the Compact, and conform to the rules, regulations, and requirements of the Commission.

In closing, it is noted that applicant holds a permit from the Virginia Department of Motor Vehicles authorizing it to operate taxicabs. Taxicabs and other vehicles that perform a bona fide taxicab service are exempt from certification under the Compact.¹ Applicant is admonished that it may neither use a taxicab in WMATC operations nor use a WMATC vehicle in taxicab operations.²

THEREFORE, IT IS ORDERED:

1. That upon applicant's timely compliance with the requirements of this order, Certificate of Authority No. 2329 shall be issued to Yellowcabservices.com, LLC, trading as Tri-State Transportation, 42440 Ringneck Place, Ashburn, VA 20148-5691.

2. That applicant may not transport passengers for hire between points in the Metropolitan District pursuant to this order unless and until a certificate of authority has been issued in accordance with the preceding paragraph.

3.
