System, Inc., for Temporary)
Authority to Route Specified)
Trips of Routes O-3, O-4, O-5,)
O-6, Y-1, Y-7, and Y-8 into)
Rockville Town Center Mall.)

By Application No. 758, filed February 10, 1972, D. C. Transit System, Inc. (Transit) seeks authority to divert some service on Routes O-3, O-4, O-5, O-6, Y-1, Y-7, and Y-8 into Rockville Town Center Shopping Mall. The proposed diversion of two blocks in Rockville, Maryland, from Monroe Street at Jefferson Street to and over the Shopping Mall Roadway, requires a certificate of public convenience and necessity.

Transit's application is supported by the City of Rockville. Traffic checks show approximately five passengers per trip will be affected by the diversion, but the time loss involved is minimal. No comments or objections to the proposal were received from members of the public, and we find the service adjustment which will improve service to a new, large shopping area to be in the public interest.

THEREFORE, IT IS ORDERED that D. C. Transit System, Inc., Certificate of Public Convenience and Necessity No. 5 be, and it is hereby, amended by incorporating seventh revised page two, cancelling sixth revised page two, as attached hereto as Appendix A and made a part hereof.
