

WASHINGTON METROPOLITAN AREA TRANSIT COMMISSION

WASHINGTON, D. C.

ORDER NO. 1984

IN THE MATTER OF:

Served April 19, 1979

INTERSTATE TAXICAB RATES

)

Case No. MP-79-20

Order No. 1502, served February 13, 1976, inter alia, prescribed the rates for transportation by taxicabs and other vehicles used in performing bona fide interstate taxicab service between points within the Metropolitan District 1/ but which are not licensed and regulated by one of the local jurisdictions within the Metropolitan District.

For reasons specified in Order No. 1502, the rates prescribed for such interstate taxicab service were established at the level which had been previously prescribed 2/ for similar service by taxicabs licensed and regulated by the District of Columbia. In addition, such interstate taxicabs were required to meet the minimum insurance coverage requirements established for District of Columbia taxicabs.

Basically, the rates prescribed were the following: 60¢ for the first half-mile, 35¢ for each additional half-mile, and 40¢ for each additional passenger, with other rates and charges generally as prescribed for District of Columbia taxicabs.

By Order No. 1982, served today, the Commission increased rates for interstate taxicab service between points within the Metropolitan District performed by taxicabs licensed and regulated by the District of Columbia Public Service Commission. Basically, the rates prescribed were:

1/ The Metropolitan District embraces the District of Columbia, the cities of Alexandria and Falls Church, the counties of Arlington and Fairfax, and political subdivisions of the State of Virginia located within those counties and that portion of Loudoun County, Va., occupied by the Dulles International Airport and the counties of Montgomery and Prince George's, in the State of Maryland, and political subdivisions of the State of Maryland located within said counties, and all other cities now or hereafter existing in Maryland or Virginia within the geographic area bounded by the outer boundaries of the combined area of said counties, cities and airport. See Compact, Title I, Article I.

2/ Order No. 1500, served February 13, 1976.

80¢ for the first half-mile, 40¢ for each additional half-mile, and 60¢ for each additional passenger, with other rates and charges generally as prescribed for District of Columbia taxicabs.

As the Commission explained in Order No. 1295, served December 28, 1973:

The Commission has previously prescribed taxicab rates and requirements for minimum insurance coverage for all taxicab operations which it believed existed or might exist from one signatory to another within the confines of the Metropolitan District. However, the Commission's jurisdiction over taxicabs is limited as previously set forth and does not extend to the authority of taxicabs to so operate. There occurs the possibility of a taxicab operation from one signatory to another within the confines of the Metropolitan District for which a rate has not already been prescribed; that is, a taxicab or other vehicle used in performing a bona fide taxicab service having a seating capacity of eight passengers or less in addition to the driver which is not licensed in, domiciled in, and subject to the local jurisdiction of either the District of Columbia or one of the local suburban jurisdictions. To the extent that such a taxicab operation may now or in the future exist, the Commission is of the opinion that it has the duty and the power to prescribe reasonable rates for such transportation and to establish requirements for minimum insurance coverage. Because most (approximately 85%) of the taxicabs operated in the Metropolitan District are registered in the District of Columbia, the dominant interstate rate is that prescribed for District of Columbia taxicabs. Accordingly, the Commission believes that the appropriate rate to prescribe is the rate currently in effect for interstate transportation in taxicabs licensed and domiciled in the District of Columbia. Likewise, the requirements for minimum insurance coverage will be established at the level of such coverage required of District of Columbia taxicabs. (Footnotes omitted; emphasis in original.)

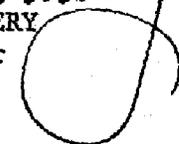

The Commission believes that the rationale then used in establishing such rates at the level prescribed for District of Columbia taxicabs continues to be valid and is sufficient to justify the increase of such rates to the level now prescribed for District of Columbia taxicabs.

THEREFORE, IT IS ORDERED:

1. That the rates for transportation by taxicabs and other vehicles used in performing bona fide interstate taxicab service between points within the Metropolitan District but which are not licensed and regulated by one of the local jurisdictions within the Metropolitan District are hereby prescribed as set forth in the Appendix to this order, effective 4 a.m., Monday, April 30, 1979.

2. That operators of taxicabs engaged in operations as described above shall meet the minimum insurance coverage requirements established for District of Columbia taxicabs.
