Case No. CP-80-12

By application filed November 11, 1980, Capital City Coach, Inc. (CCC), seeks authorization to operate pursuant to WMATC Special Certificate of Public Convenience and Necessity No. 1 under a contract with the United States Department of Agriculture, Science and Education Administration (DASEA), transporting employees of USDA and contract personnel travelling on official government business, over irregular routes, between DASEA facilities located in Beltsville, Md., and the USDA South Building, 14th Street and Independence Avenue, S. W., Washington, D. C.

Order No. 2166, served November 11, 1980, generally describes the evidence submitted with the application, and that order is incorporated by reference herein. The Commission required publication of notice and the filing of an affidavit of publication as well as the filing of an appropriate certificate of insurance. Applicant complied with these requirements, and no protests to the application were received by the Commission within the time set therefor.

Commission Regulation No. 70 provides that an application of this type will be granted if it is determined that the applicant is fit, willing and able properly to perform the proposed service and to conform to the provisions of the Compact and the rules, regulations and orders of the Commission thereunder, and if it is determined that the proposed operations conform to the provisions of Regulation No. 70. The issue of whether the public convenience and necessity require such service has been determined in Case No. MP-79-04. See Order No. 2004, served June 20, 1979.

Inasmuch as the contract is for a fixed term of at least 181 days and provides for the transportation of employees pursuant to a contract with their employer, the Commission finds that this application conforms to the requirements of Commission Regulation No. 70. It is further found, based on the evidence of record as described in Order No. 2166, that applicant is fit, willing and able properly to provide

the service described above and to conform to the requirements of the Compact and the rules, regulations and orders of the Commission thereunder. An appropriate authorization is attached hereto.

CCC is hereby assigned WMATC Carrier No. 70 and is directed to identify all motor vehicles utilized in service authorized by this Commission by placing the legend "WMATC No. 70" on each side of said vehicles in lettering readily legible from a distance of 50 feet when the vehicle is stationary. CCC's vehicles must be so identified no later than December 5, 1980, and CCC is directed to file an affidavit describing its compliance with this requirement no later than December 12, 1980.

IT IS SO ORDERED.
