Case No. MP-86-04

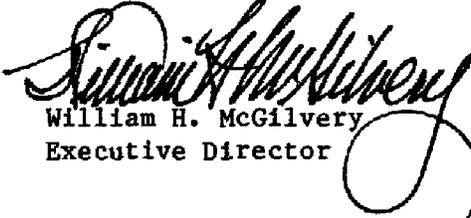

By Order No. 2888, served July 25, 1986, and incorporated herein by reference, the above-captioned proceedings were, inter alia, scheduled for public hearing on September 9, 1986.

By motion (letter) filed September 8, 1986, applicants waive their right to a hearing and ask that the hearing be cancelled. Applicants further request that the Commission consider the merits of the application based upon the evidence contained therein and certain supplemental material filed August 6, 1986. Along with the motion applicants filed an affidavit of newspaper publication of notice.

It appears that applicants have satisfied the requirements of Order No. 2888 and no protests to the application were filed within the time established therefor. It is noted that the insurance investigation in Case No. MP-86-04 was consolidated with the application in Case No. AP-86-25 and set for hearing. Nevertheless, the hearing will be cancelled and applicants' motion referred to the Commission pursuant to Commission Rule No. 22.

IT IS SO ORDERED.
