Case No. CP-87-12

By application filed October 20, 1987, Priority One Services, Inc. ("applicant"), seeks authorization to conduct charter operations pursuant to WMATC Special Certificate of Public Convenience and Necessity No. 1 under a contract with the Federal Energy Regulatory Commission ("FERC") transporting employees of FERC and persons traveling on official business with FERC, together with mail, express, and baggage in the same vehicle as passengers, in scheduled operations, between 825 North Capitol Street, N.E.; 400 First Street, N.W.; 1000 Independence Avenue, S.W.; and Union Station Metro Stop, all points within the District of Columbia and, on an on-call basis, between points in the Metropolitan District.

Order No. 3086, served October 23, 1987, generally describes the evidence submitted with the application, and that order is incorporated herein by reference. The Commission required publication of notice and the filing of an affidavit of publication and other specified materials. Applicant complied with these requirements, and no protests to the application were received by the Commission within the time set therefor.

Commission Regulation No. 70 provides that an application of this type will be granted if it is determined that the applicant is fit, willing and able properly to perform the proposed service and to conform to the provisions of the Compact and the rules, regulations and orders of the Commission thereunder, and if it is determined that the proposed operations conform to the provisions of Commission Regulation No. 70. The issue of whether the public convenience and necessity require such service has been determined in Case No. MP-79-04. See Order No. 2004, served June 20, 1979.

Inasmuch as the contract is for a fixed term of at least 181 days and provides for the transportation of employees pursuant to a contract with their employer, the Commission finds that this application conforms to the requirements of Commission Regulation No. 70. It is further found, based on the evidence of record as described in Order No. 3086, that applicant is fit, willing and able properly to provide the service described above and to conform to the requirements of the Compact and the rules, regulations and orders of the Commission thereunder.

Applicant has filed a certificate of insurance in conformance with Commission Regulation No. 62. This application is hereby granted, and Authorization No. SP-135-01 shall be issued Priority One Services, Inc.

IT IS SO ORDERED.
