(KOTGI or applicant), a Maryland corporation, seeks a certificate of authority to transport passengers in irregular route operations between points in the Metropolitan District, restricted to transportation in vehicles with a manufacturer's designed seating capacity of 15 or fewer persons, including the driver.

Notice of this application was served on June 8, 1994, in Order No. 4309, and applicant was directed to publish further notice in a newspaper and file an affidavit of publication and a statement requesting or declining baggage authority. Applicant complied. The application is unopposed.

SUMMARY OF EVIDENCE

The application includes information regarding, among other things, applicant's corporate status, facilities, proposed tariff, finances, and regulatory compliance record.

Applicant proposes commencing operations with a 15-passenger van. Applicant's proposed tariff contains per capita fares with a mileage-based surcharge for individual service, hourly rates with minimum charges for group charter service, and fixed per capita fares for airport service.

Applicant filed a balance sheet as of May 16, 1994, showing assets of \$8,500; liabilities of \$1,000; and equity of \$7,500. Applicant's projected operating statement for the first twelve months of WMATC operations shows WMATC operating income of \$66,000; operating expenses of \$54,570; and net income of \$11,430.

Applicant certifies it has access to, is familiar with, and will comply with the Compact, the Commission's rules and regulations, and United States Department of Transportation regulations relating to transportation of passengers for hire. Applicant further certifies that neither applicant nor any person controlling, controlled by, or under common control with applicant has any control relationship with a carrier other than applicant.
