

WASHINGTON METROPOLITAN AREA TRANSIT COMMISSION

WASHINGTON, DC

ORDER NO. 6214

IN THE MATTER OF:

Served May 11, 2001

Application of CRESCENT MOON)
LIMOUSINE SERVICE, INC., for a)
Certificate of Authority --)
Irregular Route Operations)

Case No. AP-2001-20

Applicant seeks a certificate of authority to transport passengers in irregular route operations between points in the Metropolitan District. The application is unopposed.

The Compact, Title II, Article XI, Section 7(a), authorizes the Commission to issue a certificate of authority if it finds that the proposed transportation is consistent with the public interest and that the applicant is fit, willing, and able to perform the proposed transportation properly, conform to the provisions of the Compact, and conform to the rules, regulations, and requirements of the Commission.

Applicant proposes commencing operations with one minibus and one van. Applicant's proposed tariff contains transfer rates and hourly charter rates with minimum charges.

Applicant filed a balance sheet as of December 31, 2000, showing assets of \$243,964; liabilities of \$222,764, including \$75,714 in owner/officer loans; and equity of \$21,200. Applicant's projected operating statement for the first twelve months of WMATC operations shows total revenue of \$260,000; expenses of \$231,532; and net income of \$28,468. Although applicant's debt/equity ratio is high, the Commission has found highly leveraged carriers financially fit where, as here, the owners are a major source of debt.¹

Applicant certifies it has access to, is familiar with, and will comply with the Compact and the Commission's rules and regulations thereunder.

Based on the evidence in this record, the Commission finds that the proposed transportation is consistent with the public interest and that applicant is fit, willing, and able to perform the proposed transportation properly, conform to the provisions of the Compact, and conform to the rules, regulations, and requirements of the Commission.
