The WMATC Certificate of Insurance and Policy Endorsement on file for each respondent is signed by Early, Cassidy & Schilling, Inc. On June 5, 2001, Early, Cassidy repudiated one of the certificates it had signed and filed with the Commission by transmitting to the Commission a notice that purported to cancel the certificate retroactively, notwithstanding the statement in the certificate that cancellation shall be effective no sooner than "thirty (30) days after receipt and acceptance by the Commission of written notice of cancellation as prescribed in Commission Regulation No. 58-11."

Under Regulation No. 58-09, the Commission may, upon thirty (30) days' notice, revoke its approval of any certificate of insurance if, in the judgment of the Commission, such security does not comply with the Commission's regulations or for any reason fails to provide satisfactory or adequate protection for the public. Accordingly, we will revoke respondents' certificates of insurance, effective thirty days after the date of this order. Each respondent each shall have until then to file a WMATC Certificate of Insurance and Policy Endorsement executed by the insurance company.

THEREFORE, IT IS ORDERED:

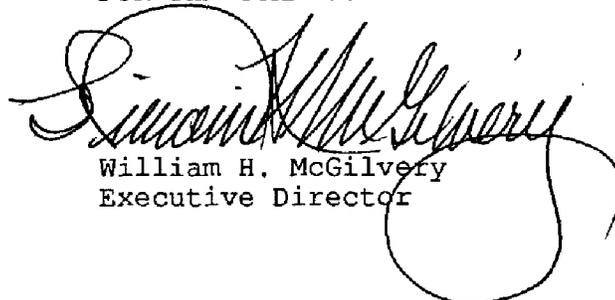

1. That the WMATC Certificate of Insurance and Policy Endorsement on file for each respondent is hereby revoked, effective thirty days from the date of this order.

2. That each respondent shall have thirty days from the date of this order to file a WMATC Certificate of Insurance and Policy Endorsement executed by the insurance company.

3. That the certificate of authority of each respondent that fails to comply with the requirements of this order within the time allowed shall be invalid and stand automatically suspended pursuant to Article XI, Section 7(g), of the Compact and Commission Regulation No. 58-02 and shall be subject to immediate revocation without further proceedings.

4. That a respondent may file within fifteen days from the date of this order a request for oral hearing, indicating the grounds for the request, describing the evidence to be adduced and explaining why such evidence cannot be adduced without an oral hearing.
