Metropolitan District, restricted to transportation in vehicles with a seating capacity of less than 16 persons only, including the driver. The application is unopposed.

Applicant was granted operating authority last year, but the issuance of a certificate of authority was expressly made contingent on applicant filing additional documents and passing a vehicle inspection conducted by Commission staff.<sup>5</sup> Applicant failed to satisfy the conditions for issuance of operating authority within the time allotted, thereby voiding the Commission's approval.<sup>6</sup>

The Compact, Title II, Article XI, Section 7(a), authorizes the Commission to issue a certificate of authority if it finds that the proposed transportation is consistent with the public interest and that the applicant is fit, willing, and able to perform the proposed transportation properly, conform to the provisions of the Compact, and conform to the rules, regulations, and requirements of the Commission.

Applicant verifies that: (1) applicant owns or leases, or has the means to acquire through ownership or lease, one or more motor vehicles meeting the Commission's safety requirements and suitable for the transportation proposed in this application; (2) applicant owns, or has the means to acquire, a motor vehicle liability insurance policy that provides the minimum amount of coverage required by Commission regulations; and (3) applicant has access to, is familiar with and will comply with the Compact, the Commission's rules, regulations and orders, and Federal Motor Carrier Safety Regulations as they pertain to transportation of passengers for hire.

Based on the evidence in this record, the Commission finds that the proposed transportation is consistent with the public interest and that applicant is fit, willing, and able to perform the proposed transportation properly, conform to the provisions of the Compact, and conform to the rules, regulations, and requirements of the Commission.

In closing, we note that applicant has amended its application to withdraw the proposed trade name of Procure Ambulance of Maryland and replace it with the trade name, Procure Integrated Health and Transport. The amendment is supported by proof of registration of the latter trade name with the Maryland Department of Assessments and Taxation. Maryland is the jurisdiction in which applicant's principal place of business is located. Accordingly, said trade name shall be added to applicant's certificate of authority upon satisfaction of the conditions prescribed below.
