

WASHINGTON METROPOLITAN AREA TRANSIT COMMISSION

SILVER SPRING, MARYLAND

ORDER NO. 18,276

IN THE MATTER OF:

Served July 19, 2019

Application of XQUISITE)
TRANSPORTATION L.L.C for a) Case No. AP-2019-063
Certificate of Authority --)
Irregular Route Operations)

Applicant seeks a certificate of authority to transport passengers in irregular route operations between points in the Metropolitan District, restricted to transportation in vehicles with a seating capacity of less than 16 persons only, including the driver. The application is unopposed.

The Compact, Title II, Article XI, Section 7(a), authorizes the Commission to issue a certificate of authority if it finds that the proposed transportation is consistent with the public interest and that the applicant is fit, willing, and able to perform the proposed transportation properly, conform to the provisions of the Compact, and conform to the rules, regulations, and requirements of the Commission.

Applicant verifies that: (1) applicant owns or leases, or has the means to acquire through ownership or lease, one or more motor vehicles meeting the Commission's safety requirements and suitable for the transportation proposed in this application; (2) applicant owns, or has the means to acquire, a motor vehicle liability insurance policy that provides the minimum amount of coverage required by Commission regulations; and (3) applicant has access to, is familiar with and will comply with the Compact, the Commission's rules, regulations and orders, and Federal Motor Carrier Safety Regulations as they pertain to transportation of passengers for hire.

Normally, such evidence would establish an applicant's fitness, but this applicant has a history of regulatory violations.

I. HISTORY OF VIOLATIONS

Applicant held WMATC Certificate of Authority No. 2326 from April 16, 2014, until April 26, 2016, when it was revoked for applicant's failure to maintain a WMATC Insurance Endorsement on file with the Commission as required by Regulation No. 58 and for applicant's failure to pay a \$100 late insurance fee.¹

¹ *In re Xquisite Transp. L.L.C*, No. MP-16-033, Order No. 16,314 (Apr. 26, 2016).

The revocation order gave applicant 30 days to surrender Certificate No. 2326 and file a notarized affidavit and supporting photograph(s) verifying removal of WMATC markings from applicant's vehicle(s). Applicant did not comply.

II. LIKELIHOOD OF FUTURE COMPLIANCE

When an applicant or a person controlling an applicant has a record of violations, or a history of controlling companies with such a record, the Commission considers the following factors in assessing the likelihood of applicant's future compliance: (1) the nature and extent of the violations, (2) any mitigating circumstances, (3) whether the violations were flagrant and persistent, (4) whether the controlling party has made sincere efforts to correct past mistakes, and (5) whether the controlling party has demonstrated a willingness and ability to comport with the Compact and rules and regulations thereunder in the future.²

Applicant's failure to maintain compliance with Regulation No. 58 and failure to pay the late insurance fee warranted revocation of Certificate No. 2326, and applicant's failure to respond to the revocation order by surrendering Certificate No. 2326 and confirming removal of vehicle markings persisted for several years. On the other hand, concurrently with filing the instant application, applicant paid the outstanding \$100 late insurance fee and \$475 in other outstanding fees owed by applicant to the Commission when Certificate No. 2326 was revoked. Applicant also filed a statement explaining that the original Certificate No. 2326 is no longer in its possession. There is no evidence of post-suspension operations in the record.

The Commission has found other applicants fit under similar circumstances.³ Applicant shall serve a one year period of probation as a means of ensuring prospective compliance.⁴

III. CONCLUSION

Based on the evidence in this record, and considering the terms of probation and other conditions prescribed herein, the Commission finds that the proposed transportation is consistent with the public interest and that applicant is fit, willing, and able to perform the proposed transportation properly, conform to the provisions of the Compact, and conform to the rules, regulations, and requirements of the Commission.

4. That applicant shall be placed on probation for a period of one year commencing with the reissuance of Certificate No. 2326 in accordance with the terms of this order and that a willful violation of the Compact, or of the Commission's rules, regulations or orders thereunder, by applicant during the period of probation shall constitute grounds for immediate suspension and/or revocation of applicant's operating authority without further proceedings, regardless of the nature and severity of the violation.

5. That the grant of authority herein shall be void and the application shall stand denied upon applicant's failure to timely satisfy the conditions of issuance prescribed herein.
