I. CAUSE FOR DISMISSAL AND GROUNDS FOR REOPENING

Under the Compact, an application to obtain a certificate of authority shall be made in writing, verified, and shall contain the information required by the application form and accompanying instructions.¹ An applicant may be required to furnish any supplemental information necessary for a full and fair examination of the application.² Failure to comply with the Commission's application requirements warrants dismissal.³

By email sent March 3, 2020, applicant was required to furnish supplemental information on or before March 17, 2020, pursuant to Commission Regulation No. 54-04(b). Applicant timely submitted some but not all of the required information. Accordingly, the application was dismissed March 25, 2020.

seating capacity of less than 16 persons only, including the driver. The application is unopposed.

This is the seventh application filed by this applicant. Four of the applications were approved, but the issuance of a certificate of authority was expressly made contingent on applicant filing additional documents and passing a vehicle inspection conducted by Commission staff.⁵ In all four applications, applicant failed to satisfy the conditions for issuance of operating authority within the time allotted, thereby voiding the Commission's approval.⁶ Two of applicant's previous applications were rejected as barred by operation of Regulation No. 66-01 which provides: "An applicant which has three successive conditional grants voided under this regulation shall be barred from reapplying for a period of one year as measured from the end of the third 180-day period." The most recent one-year bar period ended January 4, 2018. This application was submitted on February 18, 2020, and thus is not barred by Regulation No. 66-01.

The Compact, Title II, Article XI, Section 7(a), authorizes the Commission to issue a certificate of authority if it finds that the proposed transportation is consistent with the public interest and that the applicant is fit, willing, and able to perform the proposed transportation properly, conform to the provisions of the Compact, and conform to the rules, regulations, and requirements of the Commission.

Applicant verifies that: (1) applicant owns or leases, or has the means to acquire through ownership or lease, one or more motor vehicles meeting the Commission's safety requirements and suitable for the transportation proposed in this application; (2) applicant owns, or has the means to acquire, a motor vehicle liability insurance policy that provides the minimum amount of coverage required by Commission regulations; and (3) applicant has access to, is familiar with and will comply with the Compact, the Commission's rules, regulations and orders, and Federal Motor Carrier Safety Regulations as they pertain to transportation of passengers for hire.

Based on the evidence in this record, the Commission finds that the proposed transportation is consistent with the public interest and that applicant is fit, willing, and able to perform the proposed transportation properly, conform to the provisions of the Compact, and conform to the rules, regulations, and requirements of the Commission.

⁶ See *id.* (grant of authority void upon applicant's failure to timely satisfy conditions of issuance); Commission Regulation No. 66-01 (failure to comply with conditions of grant within 180 days voids approval).

In closing, it is noted that in the event applicant fails to successfully obtain a certificate of authority in this proceeding the one-year bar in Regulation No. 66-01 would apply again.

THEREFORE, IT IS ORDERED:

1. That this proceeding is hereby reopened under Commission Rule No. 26.

2. That upon applicant's timely compliance with the requirements of this order, Certificate of Authority No. 1060 shall be issued to Symbal Foundation for Community Services Inc, 1738 Elton Road, #200, Silver Spring, MD 20903-5730.

3. That applicant may not transport passengers for hire between points in the Metropolitan District pursuant to this order unless and until a certificate of authority has been issued in accordance with the preceding paragraph.

4. That applicant is hereby directed to file the following documents and present its revenue vehicle(s) for inspection within the 180-day maximum permitted in Commission Regulation No. 66: (a) evidence of insurance pursuant to Commission Regulation No. 58; (b) an original and four copies of a tariff or tariffs in accordance with Commission Regulation No. 55; (c) a vehicle list stating the year, make, model, serial number, fleet number, license plate number (with jurisdiction) and seating capacity of each vehicle to be used in revenue operations; (d) a copy of the for-hire vehicle registration card, and a lease as required by Commission Regulation No. 62 if applicant is not the registered owner, for each vehicle to be used in revenue operations; and (e) proof of current safety inspection of said vehicle(s) by or on behalf of the United States Department of Transportation, the State of Maryland, the District of Columbia, or the Commonwealth of Virginia.

5. That the grant of authority herein shall be void and the application shall stand denied upon applicant's failure to timely satisfy the conditions of issuance prescribed herein.
