

WASHINGTON METROPOLITAN AREA TRANSIT COMMISSION

SILVER SPRING, MARYLAND

ORDER NO. 19,544

IN THE MATTER OF:

Served October 1, 2021

Application of OSAMA AHMED)
ELKHABIRY, Trading as SAM'S TRANSIT) Case No. AP-2021-092
24/7, for a Certificate of)
Authority -- Irregular Route)
Operations)

Applicant seeks a certificate of authority to transport passengers in irregular route operations between points in the Metropolitan District, restricted to transportation in vehicles with a seating capacity of less than 16 persons only, including the driver. The application is unopposed.

The Compact, Title II, Article XI, Section 7(a), authorizes the Commission to issue a certificate of authority if it finds that the proposed transportation is consistent with the public interest and that the applicant is fit, willing, and able to perform the proposed transportation properly, conform to the provisions of the Compact, and conform to the rules, regulations, and requirements of the Commission.

Applicant verifies that: (1) applicant owns or leases, or has the means to acquire through ownership or lease, one or more motor vehicles meeting the Commission's safety requirements and suitable for the transportation proposed in this application; (2) applicant owns, or has the means to acquire, a motor vehicle liability insurance policy that provides the minimum amount of coverage required by Commission regulations; and (3) applicant has access to, is familiar with and will comply with the Compact, the Commission's rules, regulations and orders, and Federal Motor Carrier Safety Regulations as they pertain to transportation of passengers for hire.

Normally, such evidence would establish an applicant's fitness, but this applicant has a history of regulatory violations.

I. HISTORY OF VIOLATIONS

Applicant held WMATC Certificate of Authority No. 278 from February 28, 1995, to July 20, 2007, when it was revoked for applicant's failure to comply with the Commission's insurance requirements in Regulation No. 58 and pay a \$50 late fee.¹

¹ *In re Osama Elkhabyry, t/a Sam's Transit*, No. MP-07-105, Order No. 10,648 (July 20, 2007).

The revocation order, Order No. 10,648, noted that that the \$50 late fee would remain due and gave applicant 30 days to: (1) remove from its vehicles the identification placed thereon pursuant to Commission Regulation No. 61; (2) file a notarized affidavit with the Commission verifying removal; and (3) surrender Certificate No. 278 to the Commission. The Commission has no record that applicant timely complied.

Prior to the events in 2007, Certificate No. 278 was suspended two other times for insurance violations² and once for failure to comply with the Commission's tariff requirements.³

Applicant reapplied for operating authority in 2018, but the application was dismissed without prejudice for want of prosecution.⁴

II. LIKELIHOOD OF FUTURE COMPLIANCE

When an applicant has a record of violations, the Commission considers the following factors in assessing the likelihood of applicant's future compliance: (1) the nature and extent of the violations, (2) any mitigating circumstances, (3) whether the violations were flagrant and persistent, (4) whether applicant has made sincere efforts to correct past mistakes, and (5) whether applicant has demonstrated a willingness and ability to comport with the Compact and rules and regulations thereunder in the future.⁵

Applicant's failure to maintain compliance with Regulation No. 58 and failure to pay the late insurance fee warranted revocation of Certificate No. 278, and applicant's failure to respond to the revocation order persisted for several years. On the other hand, while the instant application was pending, applicant paid the \$50 outstanding insurance late fee, accounted for the markings on his previous vehicles, and submitted a signed statement that Certificate No. 278 cannot be located. There is no evidence in the record of post-suspension or post-revocation operations within the Metropolitan District, or other unauthorized operations.

The Commission has found other applicants fit under similar circumstances.⁶ Applicant shall serve a 1-year period of probation as a means of ensuring prospective compliance.⁷

III. CONCLUSION

Based on the evidence in this record, and considering the terms of probation and other conditions prescribed herein, the Commission finds that the proposed transportation is consistent with the public interest and that applicant is fit, willing, and able to perform the proposed transportation properly, conform to the provisions of the Compact, and conform to the rules, regulations, and requirements of the Commission.
