

WASHINGTON METROPOLITAN AREA TRANSIT COMMISSION

SILVER SPRING, MARYLAND

ORDER NO. 20,482

IN THE MATTER OF:

Served November 17, 2023

Application of EVOLVE)
TRANSPORTATION SERVICES INC for a) Case No. AP-2023-187
Certificate of Authority --)
Irregular Route Operations)

Applicant seeks a certificate of authority to transport passengers in irregular route operations between points in the Metropolitan District, restricted to transportation in vehicles with a seating capacity of less than 16 persons only, including the driver. The application is unopposed.

According to Commission records, applicant's owner, Folashade Brown was the owner of Evolve Healthcare Services Incorporated, which held WMATC Certificate of Authority No. 3399 from November 6, 2020, to June 3, 2021, when it was revoked for Evolve Healthcare's failure to comply with the Commission's annual report and annual fee requirements.¹

Applicant applied to obtain a certificate of authority in 2021. The record in that proceeding was supported by evidence that Evolve Healthcare had filed its outstanding 2021 annual report and paid its outstanding 2021 annual fee and had belatedly responded to the revocation order. The application was conditionally approved in 2022 contingent on applicant filing additional documents and passing a vehicle inspection conducted by Commission staff, and subject to applicant serving a year of probation commencing with the reissuance of Certificate No. 3399.² Applicant failed to satisfy the conditions for issuance of operating authority within the time allotted, thereby voiding the Commission's approval.³ The result was that Certificate No. 3399 was not reissued, and the period of probation did not commence.

Applicant applied again in late 2022. That application was also conditionally approved contingent on applicant filing additional documents and on applicant's vehicle passing an inspection conducted by Commission staff, and subject to applicant serving a year of probation

commencing with the reissuance of Certificate No. 3399.⁴ Once again, applicant failed to satisfy the conditions for issuance of operating authority within the time allotted,⁵ thereby voiding the Commission's approval. The result was that Certificate No. 3399 remained unissued, and the period of probation accordingly did not commence.

The Compact, Title II, Article XI, Section 7(a), authorizes the Commission to issue a certificate of authority if it finds that the proposed transportation is consistent with the public interest and that the applicant is fit, willing, and able to perform the proposed transportation properly, conform to the provisions of the Compact, and conform to the rules, regulations, and requirements of the Commission.

Applicant verifies that: (1) applicant owns or leases, or has the means to acquire through ownership or lease, one or more motor vehicles meeting the Commission's safety requirements and suitable for the transportation proposed in this application; (2) applicant owns, or has the means to acquire, a motor vehicle liability insurance policy that provides the minimum amount of coverage required by Commission regulations; and (3) applicant has access to, is familiar with and will comply with the Compact, the Commission's rules, regulations and orders, and Federal Motor Carrier Safety Regulations as they pertain to transportation of passengers for hire.

There is no evidence in this record to disturb the Commission's findings of applicant's fitness in the 2021 and 2022 applications, but inasmuch as applicant has yet to serve the 1-year period of probation stipulated in those proceedings, and provided that applicant satisfies the conditions of issuance stated herein, a 1-year period of probation shall commence upon issuance of Certificate No. 3399 in this proceeding consistent with the previous stipulations.⁶

Accordingly, based on the evidence in this record, and in consideration of the terms of probation and other conditions prescribed herein, the Commission finds that the proposed transportation is consistent with the public interest and that applicant is fit, willing, and able to perform the proposed transportation properly, conform to the provisions of the Compact, and conform to the rules, regulations, and requirements of the Commission.

In closing, applicant is cautioned that under Regulation No. 66-01, an applicant which has three successive conditional grants voided for failure to satisfy the conditions for issuance of operating

authority within 180 days shall be barred from reapplying for a period of one year as measured from the end of the third 180-day period.

THEREFORE, IT IS ORDERED:

1. That upon applicant's timely compliance with the requirements of this order, Certificate of Authority No. 3399 shall be issued to Evolve Transportation Services Inc, 2705 26th Street, N.E., Washington, DC 20018.

4. That applicant shall be placed on probation for a period of one year commencing with the issuance of Certificate No. 3399 in accordance with the terms of this order and that a willful violation of the Compact, or of the Commission's rules, regulations or orders thereunder, by applicant during the period of probation shall constitute grounds for immediate suspension and/or revocation of applicant's operating authority without further proceedings, regardless of the nature and severity of the violation.

5. That the grant of authority herein shall be void and the application shall stand denied upon applicant's failure to timely satisfy the conditions of issuance prescribed herein.
