Certificate No. 95)

Case No. MP-86-32

By motion filed December 4, 1986, Albert Strange t/a Albert Strange Limousine--Maxi-Van Service seeks to waive the public hearing scheduled in the above-captioned matter for December 22, 1986. In support of his motion, Mr. Strange states that he is applying for revocation of the charter portion of his certificate because there has been no need for the service and because of the increased cost of insurance associated therewith. Mr. Strange asks that the revocation application serve to meet the requirements of ordering paragraph three of Order No. 2938, served November 21, 1986, which directs compliance with Commission Regulation No. 62 by December 21, 1986. It appears that if the application is granted Mr. Strange will be in compliance with Commission Regulation No. 62. Inasmuch as resolution of Mr. Strange's motion could result in a final determination of this investigation, that motion will be submitted to the Commission for decision, and the hearing scheduled for December 22, 1986, will be cancelled pending further order of the Commission.

IT IS SO ORDERED.
