Case No. AP-05-29

Applicant seeks a certificate of authority to transport passengers in irregular route operations between points in the Metropolitan District, restricted to transportation in vehicles with a seating capacity of less than 16 persons only, including the driver.

Applicant also seeks temporary authority to provide ground passenger transportation services to the Washington Metropolitan airports and commuter van service from Prince George's County, Maryland, to Crystal City, Virginia, in vehicles with a seating capacity of less than 16 persons only, including the driver.

The applications are unopposed.

I. CERTIFICATE OF AUTHORITY

The Compact, Title II, Article XI, Section 7(a), authorizes the Commission to issue a certificate of authority if it finds that the proposed transportation is consistent with the public interest and that the applicant is fit, willing, and able to perform the proposed transportation properly, conform to the provisions of the Compact, and conform to the rules, regulations, and requirements of the Commission.

Applicant proposes commencing operations with one van. Applicant's proposed tariff contains monthly rates for commuter van service and rates for transportation to and from Ronald Reagan National and Washington-Dulles International Airports.

Applicant verifies that (1) applicant owns or leases, or has the means to acquire through ownership or lease, one or more motor vehicles meeting the Commission's safety requirements and suitable for the transportation proposed in this application; (2) applicant owns, or has the means to acquire, a motor vehicle liability insurance policy that provides the minimum amount of coverage required by Commission regulations; and (3) applicant has access to, is familiar with and will comply with the Compact, the Commission's rules, regulations and orders, and Federal Motor Carrier Safety Regulations as they pertain to transportation of passengers for hire.

Based on the evidence in this record, the Commission finds that the proposed transportation is consistent with the public interest and that applicant is fit, willing, and able to perform the proposed

transportation properly, conform to the provisions of the Compact, and conform to the rules, regulations, and requirements of the Commission.

II. TEMPORARY AUTHORITY

Under Title II of the Compact, Article XI, Section 13(a), the Commission may grant temporary authority if there is an immediate need for service that is not available. Under Regulation No. 54-06(a), a temporary authority applicant must demonstrate fitness.

Inasmuch as we have approved the application for a certificate of authority, we will deny the application for temporary authority as moot.

THEREFORE, IT IS ORDERED:

2. That the application for temporary authority is denied as moot.
